

Zen Pod® Small

Designer: Staffan Holm

Zen Pod small, quiet rooms are more than merely a retreat, a place to catch one's breath. More than just peace and quiet. It is a space to be enjoyed – elegantly and sparingly designed using welcoming, sympathetic materials such as wood, wool, glass, aluminium, and steel.

Zen Pod is a smart quiet room range equipped with plenty of functionality – and nothing superfluous. The room is easy to assemble and use and is designed to blend in with its surroundings. The sparse and harmonious design of the room itself is inspired by Japanese interiors.

Zen Pod can be mirrored left or right

Sustainability

As a part of our sustainability work, we are certified according to following standards and quality labels:

ISO 9001, ISO 14001 & ISO 45001

Management systems for quality, environment, and occupational health and safety.

We and our suppliers need to commit to Lamhults Design Group's Code of Conduct.

Abstracta's reuse service

We offer a recycling service for our customers. This means that we collect used sound absorbers and other products for renovation, reuse, or recycling. To facilitate circularity, our products consist of exchangeable parts, which simplifies repair, reuse, and recycling. Contact our sales support team for more information.

5-year warranty and 10-year spare parts warranty.

Möbelfakta

This product has been declared and approved to criteria of Möbelfakta:

Quality: This piece of furniture must meet established international technical standards

Environment: All stages of the manufacturing process must be green, from raw materials to finished product.

Responsible supply chains: All stakeholders in the supply chain take social, environmental, and ethical responsibility.

Global Goals

The UN Sustainable Development Goals are the basis of our environmental work. We focus on the five goals to which we can contribute most.

Goal # 3 – Good health and well-being

Goal # 5 – Gender equality

Goal # 8 – Decent work and economic growth

Goal # 12 – Responsible consumption and production

Goal # 15 – Life on land

Carpet:

EN 13501-1: Bn-s1¹

¹Fletco Carpets Nordic Living

Upholstery:

EN 1021-1 & 2: Pass¹

¹Gabriel Focus Melange & Kvadrat Re-wool

Care instructions Zen Pod

Carpet

Vacuum regularly.

Glass walls

Lightly soiled glass surfaces can be cleaned with lukewarm water. Wipe dry with a dry cloth. Clean regularly with regular window cleaner.

Inner ceiling made of textile

To preserve color and appearance, the fabric should be vacuumed regularly with a soft nozzle.

Aluminum frame, interior

Clean if necessary with a clean and damp cloth, possibly with a little pH-neutral cleaning agent.

Outer roof, including fan grate

Vacuum with a soft brush regularly.

Fixed tabletop

Wipe off regularly with a damp cloth and pH-neutral cleaning agent, alternatively a mixture of water and soap.

Door hinges

Lubricated regularly, but at least once/year.

Textile walls

To preserve color and appearance, the fabric should be vacuumed regularly with a soft nozzle.

Stain Removal:

- Use plain paper towels or a dishcloth to soak up as much of the stain as possible.
- Dried spots should be vacuumed.
- Wet the stain sparingly with a clean white cotton cloth, lukewarm water and possibly a little pH-neutral detergent.
- Press a dry cloth or uncolored kitchen paper against the fabric so that moisture and dirt are absorbed.
- Repeat wetting and blotting until the stain is gone.
- Use clean water without detergents for the final cleaning.
- Finish with suction.

Stain removal for wool:

- Bathe or wipe gently with a clean, damp cloth.
